Excellent Job by Juniors to Take the ACT!

Thank you Juniors (and parents!) for your amazing focus in taking the ACT this year, especially the Writing portion! Wow!

A big thank you to our ACT teacher cadre of Mr. Maas, Mr Davenport, and Mr. Weils for their encouragement in using the John Baylor OnTo College curriculum every week to guide our Juniors to success!

Scores should be coming to students electronically in the next three weeks. The deadline to the June 12 ACT is May 7. Students who are on Free or Reduced Lunch may ask for a waiver from the school counselor to be applied to the cost.

Congratulations to our Newest Member of NHS at PHS

Sophomores Libbie Ball, Chandler Berry, Maddie Busch, Jacson Dillon, Zach Fitzpatrick, Rylie Hale-Keller, Charlie Luff, Kailyn McMann, Drew Moyer, and Oscar Thomas are the newest members to the Palmyra High School National Honor Society. **The Induction Service will take place on Thursday, April 29th at 7 pm in the West Gym.** Parents and families are invited to attend. Typical COVID protocol will be followed.

Seniors...It's decision time!

Here's how to make your final college decision:

Compare your college acceptance letters, financial aid award notifications, and campus visit notes. List the pros and cons of each school using the following criteria:

Location – Is the college too close? If you come home every weekend, you won't experience true campus life. Is the college too far away? If so, you may not make it home as often as you'd like.

Cost – Can your family afford the school? What can you expect for financial aid beyond your freshman year? Did you receive renewable scholarships? How much in [student and parent loans](#) will be needed to cover expenses?

Academic program – Which college offers the degree program that best fits your career interests? What happens if you change majors? Does the college offer other degree programs that interest you?

Student life – Does the school offer activities you will enjoy? If you plan to live on campus, do you like the housing arrangements? Will you have an opportunity to work on or near campus?

Make your final decision by **May 1** and then notify the colleges you're rejecting so they can offer your spot, and financial aid, to another student.

Consider the Trades!

Hello Mr. Chaffee,

My name is Shawn Tucker. I am the current Vice President and commercial estimator at Bryant Air Conditioning, Heating, Electrical and Plumbing Co. of Lincoln, Ne. I have been with the company since 1995 right out of high school. I had originally planned on going to a two year college to be a fire fighter, but decided I wanted to explore another option to begin working, making an income and developing some work skills right away. I had a friend that worked at Bryant as an electrician so I applied and was offered a position in the heating and air conditioning installation division and never looked back. It has been a fulfilling opportunity for myself and my family.

You may be asking, why am I sharing this with you? First, the trades, not just the ones I work in have a huge shortage of workforce personnel. This is beginning to negatively impact the construction and service industry as a whole, as well as end consumers. Second, I encourage everyone to continue their education, however college is not for everyone and for those individuals there are non-traditional continued education options including trades on the job. Third, my story is not alone. I have co-workers, friends and family with similar stories finding great success in life through the trades.

Ultimately I am reaching out those who may be aware of a student, friend or family member that is unsure of their future plans and looking for a career opportunity. I would encourage them to give the trades some serious consideration. If they are interested in exploring HVAC, electrical or plumbing please pass my information. I would be happy to discuss what the trades and Bryant specifically could offer them. I've attached a flyer we've created for distribution. Feel free to share it with students you find interested. If you feel a different type of publication would be more beneficial for your school and student please let me know and I will coordinate getting it produced.

Thanks for your time.
