WELCOME to 2021-2022
Palmyra Junior Senior High School
This is going to be the BEST year ever!

Seniors...3 must-do tasks for this fall!

1. **Apply to your top college choices.** Our school participates in Nebraska's *Apply2College* campaign in October, so you'll get help with your college applications during a school-day event. If not, go to the EducationQuest website to find a college application checklist and other helpful resources.
2. **Create an FSA ID.** You and a parent must each create a username and password at fsaid.ed.gov that will serve as your Federal Student Aid (FSA) IDs for the Free Application for Federal Student Aid (FAFSA). You will each need your own email address to create an FSA ID.
3. **Complete the FAFSA at fafsa.gov on or after October 1.** The FAFSA is your application for federal, state, and college-based financial aid. The colleges you list on the application will use that information to determine the types and amounts of financial aid they will award you.

Why Are We Here? Why Does Learning Matter?

"There are a lot of reasons, but here's one. Those of you who get a two- or four-year college degree with minimal debt will have dramatically improved your life's chances. Why? You will soon enter a hypercompetitive capitalistic, global economy powered by two forces making life really tough for those without two- or four-year college degrees. These two forces will soon be fierce competitors of yours.

What are they? Intelligent machines and inexpensive foreign workers. Each month, they become more capable, plentiful, and affordable. Skills and knowledge will equip you to compete against and stay ahead of these potent foes rather than succumb to them.

A two- or four-year college degree with minimal debt is a proven pathway to the skills and knowledge so critical for future success versus these potent competitors—but avoid overspending and over-borrowing. Step one is to go to the right college at the right price.

When determining who gets in and at what cost, colleges care most about the Big Three: Grades (GPA), Scores (ACT/SAT), and One Extracurricular. Try today, become a two- or four-year college graduate with minimal debt by age 24, and then compete with skills and knowledge, free from hefty monthly student loan payments. Students who try harder today should live easier tomorrow."
