How Do I Hunt for Scholarships?

By Mr. Michael Chaffee

1) The greatest source for college scholarships is from the college you plan to go attend. They have a vested interest in getting you on their campus, so they are willing to pay for it by offering scholarships. Go to the college/university of your choice. Once you get on their website, look under the financial aid tab or go to the search bar and type in "scholarships." This should get you to where you need to go. The school's admissions counselors will usually be of great assistance.

2) Use EducationQuest! They are a GREAT resource for all students! www.educationquest.org provides all kinds of college information, help with FAFSA, and scholarship searches by simply going to their site. They have locations in Kearney, Lincoln, and Omaha, always being of tremendous help to all school counselors, students, and families. I call them often when I am stuck with college questions. They are amazing! We are fortunate as a state to have such a great resource that other states simply don't have. And they do it for free! **DO NOT PAY OTHER COMPANIES FOR COLLEGE PREPARATION!** Establish your account (you should have already done this if you are a senior. Juniors should do it soon.) and complete search info on **ScholarshipQuest** and you will get a "hit" on some of the scholarships that are coming up for Nebraska high school seniors.

3) Local scholarships come to our attention all of the time and I distribute that information through Palmyra High School email, copying both students and parents. If you are a senior, I should have already sent you a link to our most active local scholarships. I can send it again if needed.

4) Last, but certainly not least, scholarships are offered through our District OR 1 Foundation for Knowledge. The deadline is in early April, **this year it is April 3.** I have sent all seniors a copy of the application the Foundation uses. Please note that it is a pdf file and can be filled in using a computer: please do that. Do not submit a handwritten application or essay. Not ever!

Finally, you will want to take your time and do an excellent job completing applications. The language you use, your grammar skills, and the overall completeness will be representative of you and your education. See a friendly teacher to help you, or ask for Mr. Chaffee to review your application. Make us proud!
