

Palmyra High School Student Handbook 2025-2026 School Year

Foreword

Section 1 Intent of Handbook:

This handbook is intended for use by students, parents and staff, as a guide to the rules, regulations, and general information about Palmyra High School. Each student is responsible for becoming familiar with the handbook and knowing the information contained in it. Parents are encouraged to use this handbook as a resource and to assist their child in following the rules contained in this handbook.

Although the information found in this handbook is detailed and specific on many topics, the handbook is not intended to be all encompassing so as to cover every situation and circumstance that may arise during any school day, or school year. This handbook does not create a “contract.” The administration reserves the right to make decisions and make rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration will be responsible for interpreting the rules contained in the handbook. Should a situation or circumstance arise that is not specifically covered in this handbook, the administration will make a decision based upon all applicable school district policies, and state and federal statutes and regulations.

Article 1 – Complaint Procedures

Section 1 Complaint Procedures:

The proper procedures for a parent or student to make complaints or raise concerns about school staff or the school programs or activities are set forth below. Other procedures exist to address discrimination or harassment, the bullying of students, and to challenge disciplinary actions, and such other procedures should be used to address those types of concerns.

Complaint procedure:

- Step 1. Have a scheduled conference with the staff person involved in the complaint matter.
- Step 2. Appeal to the Principal if the matter is not resolved at Step 1.
- Step 3. Appeal to the Superintendent if the matter is still unresolved at Step 2.
- Step 4. Appeal to the Board of Education if the matter is still unresolved at Step 3.

Written appeals should be made within five (5) days of the Superintendent's decision.

1. Conditions Applicable to All Levels of Complaint Procedure:

All information to be considered at each appeal step should be placed in writing in order to be most effective. Appeal decisions shall be expedited as quickly as possible. A decision at any level should be rendered within ten (10) calendar days, unless a legal hearing is requested or required.

Section 2 Severe Weather and School Cancellations

Keeping you informed is a top priority at District OR1. We have adopted the School Messenger Notification Service which will allow us to send a telephone or e-mail message to you providing important information about school events or emergencies. We anticipate using School Messenger to notify you of security situations, school delays, or cancellations due to inclement weather; as well as remind you about various events; including report card distribution, open house, field trips, and more. In the event of an emergency at school, you can have peace of mind knowing that you will be informed immediately by phone.

Section 3 Closed Campus:

All students are required to remain on campus during the school day. Students must request permission from the Principal to have visitors at school during the school day, this includes during lunch.

Article 3 - Use of Building and Grounds

Section 1 Entering and Leaving the Building

Beginning of School: Students should not be on school grounds prior to 8:00 a.m., unless eating breakfast. The first bell will ring at 8:10 a.m. allowing students to proceed to their lockers and classrooms. During bad weather the entrance will be open by 7:30 a.m. for students to enter the building. Students are to stay in the gym, and are not to go to any other part of the building without permission.

During the School Day: Students are to remain on campus unless excused in accordance with school policies. Upon return to school during the day, students are to report to the school office.

End of School: Our regular school day ends at 3:41 p.m. Make-up work, special help, assignment after school, club meetings, and other school activities begin at 3:45 p.m. It is important that students who are involved in any of these activities report to the designated area on time. All other students must clear the building as soon as possible.

Section 2 Visitors

All visitors must report to the office upon entering the east entrance to sign in, in order to receive a visitor's pass. Parents are welcome at all times. Please sign in/out at the office upon entering/exiting the east entrance to the school. Visitations during the first week of school and the last week of school will require extraordinary reasons or permission from administrators.

Section 3 Smoke-Free Environment

The use of tobacco (including electronic nicotine delivery systems) products is prohibited in all school buildings and all school vehicles. Smoking shall also be prohibited in any area where school staff, students or members of the public may be present or may be affected by smoke, including without limitation the stands and bleachers of outdoor athletic fields and near the entry of school buildings. For purposes of this policy, tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products (such as e-cigarettes), alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect.

Section 4 Care of School Property

1. Students are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school.
2. Students who disfigure property, break windows or do other damage to school property or equipment will be required to pay for the damage done or replace the item.

3. **School-issued items that are stolen or damaged are the responsibility of the student to whom they were issued.**
4. **Replacement cost or fines for lost/damaged books/materials will be determined taking into consideration the age and condition of the books/materials. This determination will be made with input from the student, teacher, and Principal.**

Section 5 Lockers

Each student in grades 6, 7 and 8 will be assigned a locker. All other high school students will be given the option to have a locker. Students must use their own lockers and are not to share lockers with other students except as assigned by school officials. Students are expected to keep all books, etc., in their assigned locker. Students are also responsible for the cleanliness inside their locker and the door of their locker. Students may be assessed a fine for damage to lockers.

Section 6 Searches of Lockers and Other Types of Searches

Student lockers, desks, computer equipment, and other such property are owned by the school. The school exercises exclusive control over school property. Students should not expect privacy regarding usage of or items placed in or on school property, including student vehicles parked on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers and other such property may be conducted at the discretion of the administration.

The following rules shall apply to searches of students and of a student's personal property and to the seizure of items in a student's possession or control:

1. School officials may conduct a search if there is a reasonable basis to believe that the search will uncover evidence of a crime or a school rule violation. The search must be conducted in a reasonable manner under the circumstances.
2. Illegal items or other items reasonably determined to be a threat to the safety of others or a threat to educational purposes may be taken and kept by school officials. Any firearm or other weapon shall be confiscated and delivered to law enforcement officials as soon as practicable.
3. Items which have been or are reasonably expected to be used to disrupt or interfere with the educational process (that is, "nuisance items") may be removed from student possession.

Section 7 Video Surveillance

The Board of Education has authorized the use of video cameras on School District property to ensure the health, welfare and safety of all staff, students and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent.

Notice is hereby given that video surveillance may occur on District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Recording of Others

To ensure the privacy and confidentiality of student information, no person is authorized to record or transmit any sound or image of any person (including themselves) without the prior consent or authorization of either (1) the person or persons being recorded or whose image or sound is being transmitted or (2) the Superintendent or Superintendent's designee. This prohibition applies to all persons, including staff, students and community members, regardless of the content or context of the image or sound; however, this provision shall not apply to District-sponsored athletic or activity events where the focus of the recording or transmission is on the student performances or activity. Nothing in this provision shall prohibit the recording of an Individualized Education Program meeting if the recording is necessary to ensure that the parent understands the IEP or the IEP process or to implement other parental rights guaranteed by the Individuals with Disabilities Education Act.

Section 8 Student Valuables

Students, not the school, are responsible for their personal property. Students are cautioned not to bring large amounts of money or items of value to school. If it is necessary to bring valuable items or more money than is needed to pay for lunch, leave the money or valuables with a staff member in the school office for temporary and safe-keeping. Even then, the school is not in a position to guarantee that the student's property will not be subject to loss, theft, or damage.

Section 9 Bulletins and Announcements

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved and stamped by the Principal's office. Posters are not to be attached to any painted wall surfaces. Place posters on marble, glass, metal, brick and wood. The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event.

Section 10 Copyright and Fair Use Policy

It is the school's policy to follow the federal copyright law. Students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format.

Copyrighted works are not limited to those that bear a copyright notice.

The “fair use” doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the “fair use” of a copyrighted work, including reproduction “for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research” is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted “fair use,” rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is “fair.” Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

Article 4- Attendance

Section 1 Attendance Policy

Regular and punctual student attendance is required. The administration is responsible for developing further attendance rules and regulations, and all staff are expected to implement this policy and administrative rules and regulations to encourage regular and punctual student attendance. The Principals and teachers are required to maintain an accurate record of student attendance.

Section 2 Attendance and Absences.

1. Absences – Definitions. The circumstances for all absences from school will be identified as School Excused or Not School Excused. Absences should be cleared through the Principal's office in advance whenever possible. All absences, except for illness and/or death in the family, require advance approval.
 - a. School Excused. Any of the following circumstances that lead to an absence will be identified as a *School Excused* absence, provided the required attendance procedures have been followed:
 - (1) Impossible or impracticable barriers outside the control of the parent or child prevent a student from attending school. The parent

must provide the school with documentation to demonstrate the absence was beyond the control of the parent or child. This could include, but is not limited to documented illness, court, death of a family member, or suspension.

(2) Other absences as determined by the principal or the principal's designee.

- *When a student knows they will be gone, all homework is due either before the student leaves for the absence or immediately upon their return. Students should work with their teachers to determine what will be expected based on the type and length of the absence.*

b. Not School Excused. Absences that are not school excused may result in a report to the county attorney and may be classified as follows:

Other absences are those in which the parent has not communicated a reason for the student's absence. This would include being tardy to school. Being tardy more than 10 minutes may be considered an unexcused absence for that period.

Any student who is deemed tardy by the office or classroom teacher will serve a 20-minute detention with the teacher of the class the student was tardy for. Failure to show up for the detention will result in the time being increased by 20 minutes. If a student misses the detention four times, the student shall serve an all-day in-school suspension and still have to serve the detention time.

Section 3 Absence Procedure. In the Student Information System, the District may identify many different codes that provide greater definition to the circumstances of a child's absence, but all of the codes need to be identified to parents and students as fitting into one of the above defined absence circumstances.

A student will not be allowed to enter class after an absence until an admit slip, based upon a written or verbal parental excuse, is issued by the Principal's office.

Two school days will be allowed to make up work for each day missed, with a maximum of 10 days allowed to make up work for excused absences. Unexcused absences do not apply and may be due on the original issued due date.

Section 4 Mandatory Ages of Attendance. A child is of mandatory age if the child will reach age 6 prior to January 1 of the then-current school year and has not reached 18 years of age.

Exceptions for Younger Students. Attendance is not mandatory for a child who has reached 6 years of age prior to January 1 of the then-current school year, but will not reach age 7 prior to January 1 of such school year, if the child's parent or guardian has signed and filed with the school

district in which the child resides an affidavit stating either: (1) that the child is participating in an education program that the parent or guardian believes will prepare the child to enter grade one for the following school year; or (2) that the parent or guardian intends for the child to participate in a school which has elected or will elect pursuant to law not to meet accreditation or approval requirements and the parent or guardian intends to provide the Commissioner of Education with a statement pursuant to section 79-1601(3) on or before the child's seventh birthday.

Exceptions for Older Students. Attendance is also not mandatory for a child who: (1) has obtained a high school diploma by meeting statutory graduation requirements; (2) has completed the program of instruction offered by a school which elects pursuant to law not to meet accreditation or approval requirements; or (3) has reached the age of 16 years and has been withdrawn from school in the manner prescribed by law.

Early Withdrawal for Students Enrolled in Accredited or Approved Schools. A person who has legal or actual charge or control of a child who is at least 16 but less than 18 years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements if an exit interview is conducted and a withdrawal form is signed.

Exit Interview. The process is initiated by a person who has legal or actual charge or control of the child submitting a withdrawal form. The form is to be as prescribed by the Commissioner of Education. Upon submission of the form, the Superintendent or Superintendent's designee shall set a time and place for an exit interview if the child is enrolled in District OR-1 Public Schools or resides in the District OR-1 Public School's district and is enrolled in a private, denominational, or parochial school.

The exit interview shall be personally attended by:

- The child, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable;
- the person who has legal or actual charge or control of the child who requested the exit interview;
- the Superintendent or Superintendent's designee;
- the child's principal or the principal's designee if the child at the time of the exit interview is enrolled in a school operated by the school district; and
- any other person requested by any of the required parties who agrees to attend the exit interview and is available at the time designated for the exit interview which may include, for example, other school personnel or the child's principal if the child is enrolled in a private school.

At the exit interview, the person making the written request must present evidence that (a) the person has legal or actual charge or control of the child and (b) the child would be withdrawing due to either:

- financial hardships requiring the child to be employed to support the child's family or one or more dependents of the child, or

- an illness of the child making attendance impossible or impracticable.

The Superintendent or Superintendent's designee shall identify all known alternative educational opportunities, including vocational courses of study, that are available to the child in the school district and how withdrawing from school is likely to reduce potential future earnings for the child and increase the likelihood of the child being unemployed in the future. Any other relevant information may be presented and discussed by any of the parties in attendance.

At the conclusion of the exit interview, the person making the written request may sign a withdrawal form provided by the school district agreeing to the withdrawal of the child OR may rescind the written request for the withdrawal.

Withdrawal Form. Any withdrawal form signed by the person making the written request shall be valid only if:

- the child also signs the form, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable, and
- the Superintendent or Superintendent's designee signs the form acknowledging that the interview was held, the required information was provided and discussed at the interview, and, in the opinion of the Superintendent or Superintendent's designee, the person making the written request does in fact have legal or actual charge or control of the child and the child is experiencing either (i) financial hardship, or (ii) an illness making attendance impossible or impracticable.

Early Withdrawal for Students Enrolled in an Exempt School (Home Schools). A person who has legal or actual charge or control of a child who is at least 16 but less than 18 years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements if such child has been enrolled in a school that elects not to meet the accreditation or approval requirements by filing with the State Department of Education a signed notarized release on a form prescribed by the Commissioner of Education.

Section 5 Reporting and Responding to Excessive Absenteeism. Any administrator, teacher, or member of the board of education who knows of any failure on the part of any child of mandatory school attendance age to attend school regularly without lawful reason, shall within three days report such violation to the superintendent or such person(s) who the superintendent designates to be the attendance officer (hereafter, "attendance officer"). The attendance officer shall immediately cause an investigation into any such report to be made. The attendance officer shall also investigate any case when of his or her personal knowledge, or by report or complaint from any resident of the district, the attendance officer believes there is a violation of the compulsory attendance laws. The school shall render all services in its power to compel such child to attend some public, private, denominational, or parochial school, which the person having control of the child shall designate, in an attempt to address the problem of

excessive absenteeism. Such services shall include, as appropriate, the services listed below under “Excessive Absenteeism” and “Reporting Excessive Absenteeism.”

Section 6 Excessive Absenteeism. Students who accumulate one (1) unexcused absence in a quarter shall be deemed to have “excessive absences.” Such absences shall be determined on a per day basis for elementary students and on a per class basis for secondary students. When a student has excessive absences, the following procedures shall be implemented:

- a. Verbal or written communication by school officials with the person or persons who have legal or actual charge or control of any child; and
- b. One or more meetings between the school (a school attendance officer, a school administrator or his or her designee, and/or a social worker), the child’s parent or guardian, and the child, when appropriate, to address the barriers to attendance. The result of the meeting or meetings shall be to develop a collaborative plan to reduce barriers identified to improve regular attendance. The plan shall consider, but not be limited to:
 - (i) Illness related to physical or behavioral health of the child.
 - (ii) Educational counseling;
 - (iii) Educational evaluation;
 - (iv) Referral to community agencies for economic services;
 - (v) Family or individual counseling; and
 - (vi) Assisting the family in working with other community services.

If the parent/guardian refuses to participate in such meeting, the principal shall place documentation of such refusal in the child’s attendance records.

Reporting Excessive Absenteeism to the County Attorney. The school may report to the county attorney of the county in which the person resides when the school has documented the efforts to address excessive absences, the collaborative plan to reduce barriers identified to improve regular attendance has not been successful, and the student has accumulated more than five (5) absences per quarter, ten (10) absences per semester, or twenty (20) absences per year. This process can be initiated at any time during the school year if any absence is determined to be school unexcused. The school shall notify the child’s family in writing prior to referring the child to the county attorney. Illness that makes attendance impossible or impracticable shall not be the basis for referral to the county attorney. A report to the county attorney may also be made when a student otherwise accrues excessive absences as herein defined.

Article 5- Scholastic Achievement

Section 1 Grading System

Palmyra High School will use the letter grading system as follows:

A	94 - 100	Excellent
B	86 – 93	Good
C	78 – 85	Satisfactory
D	70 – 77	Needs Improvement
F	Below 70	No Credit
INC	Incomplete	No Credit

Each teacher should define for students the grading procedures to be used in their classes.

Section 2 High School Yearly Course Guidelines

All students in grades 9-12 will be encouraged to sign up for seven classes, out of an eight period day. College credit, dual credit, online course work, and Apex courses can count toward the seven class enrollment. Students may have one study hall. Students may be asked to serve as a teacher or office aide. If a student becomes a teacher or office aide, this period will count as their one allowable study hall.

Section 3 Graduation Requirements

230 credits are required for graduation:

English/Speech	45 credits
Social Studies	40 credits
Math	30 credits
Science	30 credits
Business	10 credits
Computers	15 credits (This includes the 5 credit hours of personal finance)
P.E./Health	10 credits
Electives	50 credits

A student will earn 10 credits for passing a year-long class and 5 credits for passing a semester long class.

Grades for the dual credit classes (college and high school) will be issued on separate high school and college grading scales. The high school grades will be used in determining class rank, honor roll, and other academic honors or recognition.

A maximum of fifteen (15) credits from extension or correspondence courses may be counted toward graduation requirements. Courses must be comparable to the courses they are replacing and the courses must be approved by the administration.

Early Graduation - Upon completion of the 7 semesters in high school, and having met the number of hours and required courses for graduation, students attending District OR-1 have the

right, with parental or guardian consent to graduate early. Each student desiring to graduate early shall receive an application form from the high school principal. This form must be obtained before the student enrolls in classes for their intended last year of school.

Work Release - Seniors may attend less than a full day of school if the release time will be spent working at a job or in a study program, provided that the release time does not jeopardize the student's graduation at the usual time, and provided that the request is made and arranged with the mutual consent of the principal, the student, and the student's parent/guardian.

Junior High requirements include two years of mathematics, English, science, social studies, physical education, vocal music, guidance, home economics, industrial arts, art, vocational agriculture, and keyboarding.

Section 4 Promotion, Retention

The professional staff at Palmyra High School will place students at the grade level and in the courses best suited to them academically, socially and emotionally.

Students will typically progress annually from grade to grade. A student may be retained at a grade level or be required to repeat a course or program when such is determined in the judgment of the professional staff to be appropriate for the educational interests of the student and the educational program.

Section 5 Schedule Changes/Drop and Add

Schedule changes will be made during the first week of each semester. The Principal will make final approval of all schedule changes.

Section 6 Progress Reports

Various supplemental progress reports may be sent to parents throughout the school year concerning student's performance. These reports may describe student work of an exceptional nature or work that may need improvement. These reports will be sent as the teacher determines.

Included in the academic improvement report will be a request from the teacher for parents to contact the teacher by phone, or email, to discuss the student's academic progress. Teachers will arrange with the parents for days when the student can meet with the teacher outside the regular class period until the student returns to satisfactory academic standing. (See Section 3)

Section 7 Report Cards

Report cards are issued at the end of each quarter, or nine-week sessions. Letter grades are used to designate a student's progress. Incompletes shall be designated by an "INC". Students have two weeks after the end of the quarter to make up incomplete work. Failure to do so will cause the grade to change to a "F" (No Credit). No incompletes will be given at the end of the fourth quarter, as all course work must be completed by the end of the fourth quarter.

Section 8 Parent-Teacher Conferences

Conferences with teachers, at any other time, are possible by calling the school office and making arrangements with one or more teachers as needed.

Digital conferences may be used in lieu of in person conferences. Digital conferences allow for great flexibility for the parents, are timely, and limit travel which can be burdensome and cost prohibitive for some families. If digital conferences are utilized, a parent/guardian may always request an in person conference on the day of conferences or schedule one on a time that works for both the parent and the teacher.

Section 9 Honor Roll/Class Rank

The purpose of the honor roll is to recognize those students who demonstrate academic excellence. Honor rolls will be determined for 1st Semester, and 2nd Semester.

- 1) Students receiving all "A's" will be classified as HIGH HONOR ROLL.
- 2) Students receiving no other grade lower than a "B" will be classified as HONOR ROLL

Class Rank - Only courses taken while the student is enrolled in grades 9-12 will be used in determining class rank for the students.

The top 10% of the graduating class will be recognized at commencement for high scholastic achievement.

Section 10 National Honor Society:

The National Honor Society chapter of Palmyra High School is a duly chartered and affiliated chapter of this prestigious national organization.

Admission to the National Honor Society

Membership is open to those students who meet the required standards in four areas of evaluation: scholarship, leadership, service, and character. Standards for selection are established by the national office of NHS and have been revised to meet our local chapter needs. Students are selected to be members by a five-member Faculty Council, appointed by the principal, which bestows this honor upon qualified students on behalf of the faculty of our school each May.

Students in the 10th, 11th, or 12th grades are eligible for membership. For the scholarship criterion, a student must have a minimum cumulative grade point average of 3.3 or better on a 4.0 scale. Those students who meet this criterion are invited to complete a Student Activity Information Form that provides the Faculty Council with information regarding the candidate's leadership and service. A history of leadership experiences and participation in school or community service is required. Students must show "participation in at least two student activity organizations each year" or "ten hours of documented community service".

Article 6 - Support Services

Section 1 Special Education Identification and Placement Procedures:

What Does Special Education Mean?

Special education means educational experiences, curriculum and services, including transportation, through the use of staff, facilities, equipment and classrooms, which have been adapted to provide special instruction for students with disabilities. In addition, special education

provides the support services necessary for evaluation, placement and instruction for students with disabilities. These services are free to parents, unless they elect to place their child in a program other than one approved by the school district. For more information with regard to special education services please contact the Principal or Guidance Counselor.

Section 2 Health Services:

Student Illnesses

School health personnel will notify parents when a student needs to be sent home from school due to illness. Conditions requiring a student be sent home include: Temperature greater than 100°F., vomiting, diarrhea, unexplained rashes, live head lice, or on determination by the school nurse that the child's condition prevents meaningful participation in the educational program, presents a health risk to the child or others, or that medical consultation is warranted unless the condition resolves.

Guidelines for Administering Medication

Whenever possible your child should be provided medications by you outside of school hours. In the event it is necessary that the child take or have medication available at school, the parents/guardians must provide a signed written consent for the child to be given medication at school. A consent form is available at the school health office.

Medications must be provided to the school by the parent/guardian in the pharmacy-labeled or manufacturer-labeled bottle. Repackaged medications will not be accepted. All medications also require a physician's authorization to be given at school. The school nurse may limit medications to those set forth in the Physician's Desk Reference (PDR). Please limit the amount of medication provided to the school to a two-week supply.

School Health Screening

Children in Preschool and Kindergarten through third grade, as well as children in sixth and ninth grade are screened for vision, hearing, dental defects, height and weight. The screening program also incorporates scoliosis and blood pressure at the sixth and ninth grades. Students entering the Student Assistance Process at any grade level, and those about whom health concerns are identified to the school nurse may also be screened. Parents are notified of any health concerns as they are identified. Parents who do not wish their child to participate in the school screening program must communicate this in writing to the school health office where their child attends at the start of the school year.

Physical Examination

Evidence of a physical examination by a qualified physician is required within six months prior to the entrance of the child into any Early Childhood Special Education classes, kindergarten and the seventh grade, or in the case of transfer from out of state to any other grade. A parent or guardian who objects may submit a written statement of refusal for his or her child. The statement will be kept in the student's file. Waiver forms are available in the school health office.

Birth Certificate Requirements

State law requires that a certified copy of a student's birth certificate be used when enrolling a

new student in school. If your child is registering with Palmyra High School for the first time, you may obtain this document from the Bureau of Vital Statistics in the state in which your child was born. Assistance in obtaining birth certificates may be obtained from Health Records Management, P.O. Box 95065, Lincoln, NE 68509-5065. There is a fee per certificate.

Please note: The document parents receive from the hospital looks like a birth certificate, but it is not a certified copy. A certified copy has the raised seal of the state of Nebraska on it and is signed by the director of vital statistics.

If a birth certificate is unavailable, other reliable proof of a student's identity may be used. These documents would include naturalization or immigration documents showing date of birth or official hospital birth records, a passport,

or a translation of a birth certificate from another country. The documents must be accompanied by an affidavit explaining the inability to produce a copy of the birth certificate.

Guidelines for Head Lice

The following guidelines are in place to: better control a nuisance condition; reduce absenteeism due to head lice; and involve parents as partners with the school in control efforts:

1. Children will be sent home from school for live head lice. In the event the child has TWO cases of live lice in a semester, he or she will be sent home until free of both live lice and nits (eggs).
2. Health office staff will provide written treatment information and instructions, including how to check and identify head lice*.
3. A child who is sent home from school for head lice should miss no more than two school days.
4. A child who has been sent from school due to head lice must come to the health office for inspection before returning to class.
5. A child who returns to class with nits (eggs) will be checked again in 7-10 days.
6. Families are encouraged to report head lice to the school health office.
7. Individual buildings will perform classroom-wide or school-wide head checks as needed in order to control the condition at school.

*Nit removal will be emphasized for effective management of the condition. For more information, call the nurse at your child's school.

Article 7 - Drugs, Alcohol and Tobacco

Section 1 Drug-Free Schools

The District implements regulations and practices which will ensure compliance with the Federal Drug-Free Schools and Communities Act and all regulations and rules promulgated pursuant thereto. The District's safe and drug-free schools program is established in accordance with principles of effectiveness as required by law to respond to such harmful effects.

Education and Prevention:

This District promotes comprehensive, age appropriate, developmentally based drug and alcohol education and prevention programs, which will include in the curriculum the teaching of both proper and incorrect use of drugs and alcohol for all students in all grades of this School District. Further, this District will have proper in-service orientation and training for all employed staff.

Drug and Alcohol Use and Prevention.

By this handbook, each student of the District is hereby provided a copy of the standards of conduct for student behavior in the District which prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol on school premises or as a part of any of the school's activities.

Drug and Alcohol Education and Prevention Program of the District Pursuant to The Safe and Drug-Free Schools and Communities Laws and Regulations.

All students are provided age appropriate, developmentally based drug and alcohol education and prevention programs for all students of the schools. It shall be the policy of the District to require instruction at such grade level concerning the adverse effects resulting from the use of illicit drugs and alcohol. Such instruction shall be designed by affected classroom teachers or as otherwise directed by the Board to be appropriate to the age of the student exposed to such instruction. One of the primary objectives shall be the prevention of illicit drug and alcohol use by students. It shall further be the policy of the District to encourage the use of outside resource personnel such as law enforcement officers, medical personnel, and experts on the subject of drug and alcohol abuse, so that its economic, social, educational, and physiological consequences may be made known to the students of the District.

It shall further be the policy of the District, through the instruction earlier herein referred to, as well as by information and consistent enforcement of the Board's policy pertaining to student conduct as it relates to the use of illicit drugs and the unlawful possession and use of alcohol, that drug and alcohol abuse is wrong and is harmful both to the student and the District, and its educational programs.

Drug and Alcohol Counseling, Rehabilitation and Re-entry Programs.

All students shall be provided information concerning available drug and alcohol counseling, rehabilitation, and re-entry programs within sixty miles of the administrative offices of the District or, where no such services are found, within the State of Nebraska. Information concerning such resources shall be presented to all of the students of the District upon request by the Guidance Counselor.

In the event of disciplinary proceedings against any student for any District policy pertaining to the prohibition against the unlawful possession, use, or distribution of illicit drugs and alcohol, appropriate school personnel shall confer with any such student and his or her parents or guardian concerning available drug and alcohol counseling, rehabilitation, and re-entry programs that appropriate school personnel shall consider to be of benefit to any such student and his or her parent or parents or guardian.

Standards of Student Conduct Pertaining to the Unlawful Possession, Use, or Distribution of Illicit Drugs or Alcohol on School Premises or as a Part of Any of the School's Activities.

(In addition to standards of student conduct elsewhere adopted by board policy or administrative regulation to absolutely prohibit the unlawful possession, use, or distribution of illicit drugs or alcohol on school premises or as a part of any of the school's activities.) This shall include such

unlawful possession, use, or distribution of illicit drugs and alcohol by any student of the District during regular school hours or after school hours at school sponsored activities on school premises, at school sponsored activities off school premises.

Conduct prohibited at places and activities as hereinabove described shall include, but not be limited to, the following:

1. Possession of any controlled substance, possession of which is prohibited by law.
2. Possession of any prescription drug in an unlawful fashion.
3. Possession of tobacco (including electronic nicotine delivery systems) on school premises or as a part of any of the school's activities.
4. Tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products (such as e-cigarettes), alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect
5. Use of any illicit drug.
6. Distribution of any illicit drug.
7. Use of any drug in an unlawful fashion.
8. Distribution of any drug or controlled substance when such distribution is unlawful.
9. The possession, use, or distribution of alcohol.

It shall further be the policy of the district that violation of any of the above prohibited acts will result in disciplinary sanction being taken within the bounds of applicable law, up to and including short term suspension, long term suspension, expulsion, and referral to appropriate authorities for criminal prosecution.

Drugs and Alcohol Prohibited - Standards of Conduct for Students and Employed Staff:

The manufacture, possession, selling, dispensing, use or being under the influence of alcohol or any alcoholic beverage or alcoholic liquor on school grounds, or during an educational function, or event off school grounds, or off school grounds if there is a substantial interference with school purposes, is prohibited.

The possession, selling, dispensing, use or being under the influence of any controlled substance or drug, including but not limited to marijuana, any narcotic drug, any hallucinogen, any stimulant, or any depressant on school grounds, or during the educational function or event off school grounds, or off school grounds if there is a substantial interference with school purposes, is prohibited.

The possession, selling, dispensing, use or being under the influence of any abuse able glue or aerosol paint or any other chemical substance for inhalation, including but not limited to lighter fluid, whiteout, and reproduction fluid, when such activity constitutes a substantial interference with school purposes on school grounds or during and educational function, or event off school grounds, is prohibited.

The possession, selling, dispensing or use of any look-alike drug or look-alike controlled substance when such activity constitutes a substantial interference with school purposes on

school grounds or during an educational function, or event off school grounds, is prohibited.

Any prescription or non-prescription drug, medicine, vitamin or other chemical may not be taken unless authorized as stated in the next section on AUTHORIZED USE.

Authorized Use:

Any student whose parent or guardian requests that he or she be given any prescription or non-prescription medicine, drug, or vitamin shall provide signed permission by parent and physician.

Disciplinary Sanctions:

1. Violation of this policy may result in suspension or expulsion. Prohibited substances will be confiscated and could be turned over to law enforcement authorities. The student may be referred for counseling or treatment. Parents or legal guardians will be notified.
2. If the student is observed to be violating this policy, the student will be escorted to the Principal/Superintendent's office immediately, or if not feasible, the Principal/Superintendent will be notified. The student's parents or legal guardian will be requested to pick up the student. If it appears there is imminent danger to other students, school personnel, or students involved, the Principal/Superintendent, or such other personnel as authorized by the Principal/Superintendent, may have the student removed by authorized medical or law enforcement personnel.
3. Parents and students shall be given a copy of the standards of conduct and disciplinary sanctions required and shall be notified that compliance with the standards of conduct is mandatory.

Intervention:

Palmyra High School District does not have the authority or responsibility to make medical or health determinations regarding chemical dependency. However, when observed behavior indicates that a problem exists which may affect the student's ability to learn or function in the educational climate or activity, the school then has the right and responsibility to refer the student for a formal chemical dependency diagnosis based on behavior observed by school staff. The school will issue a statement to all students and employed staff that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful. The school shall make available to students and employed staff information about any drug and alcohol counseling, and rehabilitation and re-entry programs, which are available to students.

Administration:

The administration is authorized to adopt such administrative rules, regulations or practices necessary to properly implement this policy. Such regulations, rules or practices may vary the procedures set forth herein to the extent necessary to fit the circumstances of an individual situation. Such rules, regulations and practices may include administrative forms, such as checklists to be used by staff to record observed behavior and to determine the proper plan of action.

Safe and Drug-Free Schools-- Parental Notice

NOTICE TO PARENTS: If upon receipt of information regarding the content of safe and drug free school programs and activities other than classroom instruction a parent objects to the participation of their child in such programs and activities, the parent may notify the School District of such objection in writing. Upon the receipt of such notice the student will be withdrawn from the program or activity to which parental objection has been made.

Article 8 - Student Rights, Conduct, Rules and Regulations

Section 1 Student Conduct and Discipline Policies:

The common goal of students, parents, faculty and administration of Palmyra Jr/Sr High School is to maintain a school atmosphere conducive to learning. In order to achieve this, Palmyra High School will continue to review and distribute a set of reasonable and fair rules and policies. VIOLATIONS OF PALMYRA JR/SR HIGH SCHOOL'S RULES AND POLICIES WILL RESULT IN DISCIPLINARY ACTION.

Part 1 Forms of School Discipline

Short-Term Suspension:

Students may be excluded by the Principal or his designee from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or,
2. Other violations of rules and standards of behavior adopted by the District OR-1 Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

1. The Principal or the Principal's designee shall make a reasonable investigation of the facts and circumstances. In addition, such short-term suspension will be made only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what the student is accused of having done, an explanation of the evidence the authorities have, and be afforded an opportunity to explain the student's version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary following the suspension, the Principal or administrator will send a written statement to the student, and the student's parent or guardian, describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal or administrator ordering the

short-term suspension before or at the time the student returns to school. The Principal or administrator shall determine who in addition to the parent or guardian is to attend the conference.

Long-Term Suspension:

Students may be excluded by the Principal or the Principal's designee from school or any school function for a period of more than five school days but less than twenty school days on (long-term suspension) the conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is hereinafter set forth.

Expulsion:

1. Meaning of Expulsion. Expulsion shall mean exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
2. Summer Review. Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such a board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.
3. Suspension of Enforcement of an Expulsion: Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program and to such other consequences which the school district deems appropriate. In lieu of other authorized educational programs to which the student may be assigned, such school, class, or program may be offered as a community-centered classroom and may include experiences for the student as an

observer or aide in governmental functions, as an on-the-job trainee, and as a participant in specialized tutorial experiences or individually prescribed educational and counseling programs. Such programs shall include an individualized learning program to enable the student to continue academic work for credit toward graduation. At the conclusion of the designated period: (1) if the student has satisfactorily participated in the school, class, or program to which such student has been assigned the student shall be reinstated and permitted to return to the school of former attendance or to attend other programs offered by the district, and action to expunge the record of the expulsion action may be taken at the discretion of the Superintendent or his or her designee, or (2) if the student's conduct has been unsatisfactory, the expulsion action shall be enforced. The determination of whether the students' participation and conduct has been satisfactory or not shall be made by the Principal or the Principal's designee.

Students Subject to Juvenile or Court Probation. Prior to the readmission to school of any student who is less than nineteen years of age and who is subject to the supervision of a juvenile probation officer or an adult probation officer pursuant to the order of the District Court, County Court, or Juvenile Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the Principal or the Principal's designee shall meet with the student's probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or event off school grounds) as well as educational objectives that must be achieved. If the guidelines, consequences, and objectives provided by the Principal or the Principal's designee are agreed to by the probation officer and the student, and the court permits the student to return to school under the agreed to conditions, the student may be permitted to return to school. The student may with proper consent, upon such return, be evaluated by the school for possible disabilities and may be referred for evaluation for possible placement in a special education program. The student may be expelled or otherwise disciplined for subsequent conduct as provided in Board policy and state statute.

Other Forms of Student Discipline:

Administrative and teaching personnel may also take actions regarding student behavior, other than removal of students from school, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions during the day. When in-school suspensions, after-school assignments, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures and a failure to serve such assigned discipline as directed will serve as grounds for further

discipline, up to expulsion from school.

Part 2 Student Conduct:

Students have an opportunity to learn by sharing some of the responsibility for creating a good learning environment. To help maintain a quality instructional environment for all students attending Palmyra High School, all students are expected to refrain from the following conduct.

Grounds for Short-Term Suspension, Long-Term Suspension, Expulsion or Mandatory Reassignment:

The failure to refrain from the following conduct shall constitute grounds for long-term suspension, expulsion, or mandatory reassignment, subject to the procedural provisions of the Student Discipline Act, Neb. Rev. Stat. § 79-254 through 79-296, when such activity occurs on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event:

1. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
2. Use of violence, force, coercion, threat, intimidation, or similar conduct in a manner that constitutes a substantial interference with school purposes;
3. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property of substantial value, or repeated damage or theft involving property;
4. Causing or attempting to cause personal injury to a school employee, to a school volunteer, or to any student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this subdivision;
5. Threatening or intimidating any student for the purpose of or with the intent of obtaining money or anything of value from such student;
1. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon (including personal safety or security devices, such as tasers, mace and pepper spray) or that has the appearance of a weapon, or bringing or possessing any explosive device, including fireworks, on school grounds or at a school function or event, or in a manner that is unlawful or contrary to school activity rules.
6. Engaging in the possession, selling, dispensing, or use of a controlled substance or an imitation controlled substance, as defined in section 28-401, a substance represented to be a controlled substance, or alcoholic liquor as defined in section 53-103 or being under the influence of a controlled substance or alcoholic liquor (note: the term “under the influence” for school purposes has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of alcohol on the breath or person of a student; also, it includes being impaired by reason of the abuse of any material used as a stimulant); tobacco (including electronic nicotine delivery systems) meaning any tobacco product (including but not limited to cigarettes,

cigars, and chewing tobacco), vapor products (such as e-cigarettes), alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect.

7. Public indecency;
8. Sexually assaulting or attempting to sexually assault any person. In addition, if a complaint has been filed by a prosecutor in a court of competent jurisdiction alleging that the student has sexually assaulted or attempted to sexually assault any person, including sexual assaults or attempted sexual assaults, the student is subject to suspension, expulsion, or mandatory reassignment regardless of where the conduct took place. For purposes of this subdivision, sexual assault shall mean sexual assault in the first degree and sexual assault in the second degree as defined in sections 28-319 and 28-320, as such sections now provide or may hereafter from time to time be amended;
9. Tardiness to school, assigned classes or assigned activities;
10. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, national origin, or religion;
11. Dressing in a manner which is dangerous to the student's health and safety, a danger to the health and safety of others, or which is disruptive, distractive or indecent to the extent that it interferes with the learning and educational process. (Further dress code information is provided in a later section).
12. Willfully violating the behavioral expectations for those students riding Palmyra High School buses.
13. Engaging in any other activity forbidden by the laws of the State of Nebraska which activity constitutes a danger to other students or interferes with school purposes; or
14. A repeated violation of any rules and standards validly established by the Board of Education or school officials if such violations constitute a substantial interference with school purposes.
15. In addition, a student who engages in the following conduct which occurs on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event shall be expelled for the remainder of the school year in which it took effect if the misconduct occurs during the first semester, and if the expulsion for such conduct takes place during the second semester, the expulsion shall remain in effect for the first semester of the following school year, with the condition that such action may be modified or terminated by the school district during the expulsion period on such terms as the administration may establish:
 - a. The knowing and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary, or,
 - b. The knowing and intentional possession, use, or transmission of a dangerous weapon other than a firearm. The term "dangerous weapon" includes any personal safety or security device (such as tasers, mace and pepper spray). If a student desires to carry or possess a personal safety or

security device, the student must obtain prior approval from the building principal before bringing such device on school grounds. If a student obtains prior approval from the building principal, the student must store the device during the school day in the student's locker, in the main office or in another secure location designated by the building principal. A student shall not carry a personal safety or security device during the school day.

16. In addition, a student who is determined to have brought a firearm to school, or to have possessed a firearm at school, shall be expelled from school for a period of not less than one year. The Superintendent may modify such one-year expulsion requirements on a case-by-case basis, provided that such modification is in writing. The term "to school" or "at school" means on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event.

Bringing a firearm or other dangerous weapon to school for any reason is discouraged; however, a student will not be subject to disciplinary action if the item is brought or possessed under the following conditions:

- a. Prior written permission to bring the firearm or other dangerous weapon to school is obtained from the student's teacher, building administrator and parent.
- b. The purpose of having the firearm or other dangerous weapon in school is for a legitimate educational function.
- c. A plan for its transportation into and from the school, its storage while in the school building and how it will be displayed must be developed with the prior written approval by the teacher and building administrator. Such a plan shall require that such item will be in the possession of an adult staff member at all times except for such limited time as is necessary to fulfill the educational function.
- d. The firearm or other dangerous weapon shall be in an inoperable condition while it is on school grounds.

For purposes of this policy, the term "dangerous weapon" includes any personal safety or security device (such as Tasers, mace and pepper spray). In the event that a student desires to carry or possess a personal safety or security device, the student must obtain prior approval from the building principal before bringing such device on school grounds. If a student obtains prior approval from the building principal, the student must store the device during the school day in the student's locker, in the main office or in another secure location designated by the building principal. A student shall not carry a personal safety or security device during the school day.

Additional Student Conduct Rules:

The following additional student conduct rules are established. Failure to comply with such rules is grounds for disciplinary action, up to and including expulsion, as further specified in these rules. These rules govern student conduct on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event.

18. Student Appearance Policy:

Students at Palmyra High School are expected to dress in a way that is appropriate for a school setting. Students should not dress in a manner that is dangerous to the health and safety of anyone or interferes with the learning environment or teaching process in our school. Following is a list of examples of attire that will not be considered appropriate, such list is not exclusive and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting:

- Clothing or jewelry that is gang related;
- Clothing or jewelry that advertises beer, alcohol, tobacco, or illegal drugs;
- Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or that would encourage “horse-play”;
- Head wear including hats, caps, bandannas, and scarves;
- Clothing or jewelry, which exhibits nudity, makes sexual references or carries double meanings.
- Jewelry or accessories (necklaces, rings, bracelets, tails, collars, leashes, costume ears, etc.) that may pose a safety hazard or are a distraction to the learning of other students.

Consideration will be made for students who wear special clothing as required by religious beliefs, disability, or to convey a particularized message protected by law. The final decision regarding attire and grooming will be made by the Principal or Superintendent. In the event a student is uncertain as to whether a particular item or method of grooming is consistent with the school’s guidelines, the student should contact the Principal for approval.

Coaches, sponsors or teachers may have additional requirements for students who are in special lab classes, students who are participants in performing groups or students who are representing the school as part of an extracurricular activity program.

a. On a first offense of the dress code, the student may call home for proper apparel. If clothes cannot be brought to school, the student will be assigned to in-school suspension for the remainder of the day. Students will not be allowed to leave campus to change clothes. Continual violations of the dress code will result in disciplinary actions under the Student Code of Conduct above. Further, in the event the dress code violation is determined to also violate other student conduct rules (e.g., public indecency, insubordination, expression of profanity, and the like), a first offense of the dress code may result in discipline, up to expulsion.

Public Displays of Affection:

Public Displays of affection will not be tolerated on school property or at school activities. Such conduct includes: hugging, kissing or any other types of affection that would be considered inappropriate or an undue distraction to others. Students will face the following consequences if this type of behavior occurs.

- a. 1st Offense: Students will be confronted and directed to cease.

- b. 2nd Offense: Students will be confronted, directed to cease, and parents will be notified.
- c. 3rd Offense: Students will be suspended from school for a minimum of 1 day, and parents and students will need to meet with Administrator (s) and counselors.
- d. If this type of behavior continues, the student could face long-term suspension or expulsion.

Network, E-Mail, Internet and Other Computer Use Rules

The following are unacceptable uses of the technology resources:

- a. Personal Gain: Technology resources shall not be used, and no person shall authorize its use, for personal financial gain other than in accordance with prescribed constitutional, statutory, and regulatory procedures, other than compensation provided by law.

Examples of occasional use that may be determined to ultimately facilitate the mission of the District: sending an e-mail to a minor child or spouse; sending an e-mail related to a community group in which an employee is a member where the membership in the community group facilitates the District's mission.
This occasional use exception does not permit use by employees contrary to the expectations of their position. For example, employees may not play games or surf the net for purposes not directly related to their job during duty time; nor may students do so during instructional time.

The occasional use exception also does not permit use of the technology resources for private business, such as searching for or ordering items on the internet for non-school use; or sending an e-mail related to one's own private consulting business.
- c. Campaigning: Technology resources shall not be used, and no person shall authorize its use, for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question.
- d. Technology-Related Limitations: Technology resources shall not be used in any manner which impairs its effective operations or the rights of other technology users. Without limitation:
 - 1. Users shall not use another person's name, log-on, password, or files for any reason, or allow another to use their password (except for authorized staff members).

 6. Users shall not write, produce, generate, copy, propagate, or attempt to introduce any computer code designed to self-replicate, damage, or otherwise hinder the performance of any computer's memory, file system, or software. Such software is often called a bug, virus, worm, Trojan horse, or similar name.
 7. Users shall not engage in any form of vandalism of the technology resources.
 8. Users shall follow the generally accepted rules of network etiquette. The Superintendent or designees may further define such rules.

1. to access any material contrary to the Internet Safety Policy; or to create or generate any such material.
 2. to engage in unlawful harassment or discrimination, such as sending emails that contain sexual jokes or images.
 3. to engage in violations of employee ethical standards and employee standards of performance, such as sending emails that are threatening or offensive or which contain abusive language; use of end messages on emails that may imply that the District is supportive of a particular religion or religious belief system, a political candidate or issue, or a controversial issue; or sending emails that divulge protected confidential student information to unauthorized persons.
 4. to engage in or promote violations of student conduct rules.
 5. to engage in illegal activity, such as gambling.
 6. in a manner contrary to copyright laws.
 7. in a manner contrary to software license.

Transportation Code of Conduct

Students who ride the bus should:

- Be on time.
- Arrive at their bus stop at least 5-10 minutes before the regular pickup time.
- Stand away from the road, not stand on the traveled portion of the roadway while waiting for the bus.

- Observe proper conduct.
- Respect the property of others.
- Wait until the bus has stopped and then walk up to the front door. Students should not run near a moving bus.
- Board the bus in an orderly fashion.
- Use the bus stop closest to their home. Walking to a friend's house to catch a bus often causes overcrowding at a given stop.

While riding the bus students should:

- Obey instructions of the bus driver and/or bus attendant.
- Be seated immediately.
- Keep hands and feet to yourself.
- Remain seated.
- Share seats equally.
- Be courteous.
- Respect property.
- Keep hands and head inside the bus.
- Keep aisles clear.
- Observe good conduct
- Remain seated until the bus comes to a full stop.
- Leave the bus in an orderly manner, students in the front seats first.
- Avoid loitering around the bus.

**VIOLATIONS OF DISTRICT OR-1 BUS RULES
MAY RESULT IN DISCIPLINARY ACTION.**

All Students and Parents are provided a District OR-1 Transportation Code of Conduct manual explaining expectations, rules, and consequences at the start of each school year. Please refer to the manual in the event disciplinary action is made.

Article 9 - Extra-Curricular Activities - Rights, Conduct, Rules and Regulations

Section 1 Extra-Curricular programs:

Extra-curricular programs enrich the curriculum of the school by making available a wide variety of activities in which a student can participate. Palmyra High School will adhere to the rules and regulations set forth in Title IX guidelines on sex discrimination as well as other pertinent rules and regulations.

Section 2 Extracurricular Activity Philosophy:

Extracurricular activity programs enrich the curriculum of the school by making available a wide variety of activities in which a student can participate. Extracurricular activity programs are considered an integral part of the school's program of education that provide experiences that will help students physically, mentally and emotionally.

The element of competition and winning, though it exists, is controlled to the point it does not determine the nature or success of the program. This is considered to be educationally and psychologically sound because of the training it offers for living in a competitive society. Students are stimulated to want to win and excel, but the principles of good sportsmanship prevail at all times to enhance the educational values of contests. Participation in activities, both as a competitor and as a student spectator, is an integral part of the students' educational

experiences. Such participation is a privilege that carries with it responsibilities to the school, team, student body, community and the students themselves. In their play and their conduct, students are representing all of these groups. Such experiences contribute to the knowledge, skill and emotional patterns that they possess, thereby making them better individuals and citizens.

Safety

The District's philosophy is to maintain an activities program which recognizes the importance of the safety of the participants. To ensure safety, participants are required to become fully familiar with the dangers and safety measures established for the activity in which they participate, to adhere to all safety instructions for the activity in which they participate, to inform their coach or sponsor when they are injured or have health problems that require their activities be restricted, and to exercise common-sense.

Warning for Participants and Parents

The purpose of this warning is to bring your attention to the existence of potential dangers associated with athletic injuries. Participation in any intramural or athletic activity may involve injury of some type. The severity of such injury can range from minor cuts, bruises, sprains and muscle strains to more serious injuries to the body's bones, joints, ligaments, tendons, or muscles, to catastrophic injuries to the head, neck and spinal cord. On rare occasions, injuries can be so severe as to result in total disability, paralysis or death. Even with appropriate coaching, appropriate safety instruction, appropriate protective equipment and strict observance of the rules, injuries are still a possibility.

Section 3 Extracurricular Activity Code of Conduct

Purpose of the Code of Conduct. Participation in extracurricular activities is a privilege. The privilege carries with it responsibilities to the school, team, student body, and the community. Participants are not only representing themselves, but also their school and community in all of their actions. Others judge our school on the student participants' conduct and attitudes, and how they contribute to our school spirit and community image.

The student participants' performance and devotion to high ideals and values make their school and community proud. Consequently, participation is dependent upon adherence to this Code of Conduct and the school district's policies, procedures and rules.

Scope of the Code of Conduct.

Activities Subject to the Code of Conduct: The Code of Conduct applies to all extracurricular activities. Extracurricular activities mean student activities or organizations which are supervised or administered by the school district which do not count toward graduation or grade advancement and in which participation is not otherwise required by the school.

Extracurricular activities include but are not limited to: all sports, cheerleading, dance team, Pep Club, Pep Band, vocal, band, speech and drama, One-Act, FBLA, FCCLA,

Spanish Club, Art Club, Student Council, Student Advisory Board, National Honor Society, and other school sponsored organizations and activities. The Code of Conduct also applies to participation in school sponsored activities such as school dances and royalty for such activities.

A participant means a student who participates in, has participated in, or will participate in an extracurricular activity.

When: The Code of Conduct rules apply to conduct which occurs at any time during the school year, and also includes the time frame which begins with the official starting day of the fall sport season established by the NSAA and extends to the last day of the spring sport season established by the NSAA, whether or not the student is a participant in an activity at the time of such conduct.

The rules also apply when a student is participating or scheduled to participate in an extracurricular activity that is held outside the school year or the NSAA season. For example, if an FBLA or FCCLA student plans to participate in a conference in July and commits a Code of Conduct infraction in June, the student may be suspended from participating in the conference. Conduct during the summer months may also affect a student's participation under the team selection and playing time guidelines.

Where: The Code of Conduct rules apply regardless of whether the conduct occurs on and off school grounds. If the conduct occurs on school grounds, at a school function or event, or in a school vehicle, the student may also be subject to further discipline under the general student code of conduct. A student who is suspended or expelled from school shall not be permitted to participate in activities during the period of the suspension or expulsion, and may also receive an extended activity suspension.

Grounds for Extracurricular Activity Discipline. Students who participate in extracurricular activities are expected to demonstrate cooperation, patience, pride, character, self-respect, self-discipline, teamwork, sportsmanship, and respect for authority. The following conduct rules have been determined by the Board of Education to be reasonably necessary to aid students, further school purposes, and prevent interference with the educational process. Such conduct constitutes grounds for suspension from participation in extracurricular activities and grounds for other restrictions or disciplinary measures related to extracurricular activity participation:

1. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
2. Use of violence, force, coercion, threat, intimidation, bullying, harassment or similar conduct in a manner that constitutes a substantial interference with school or extracurricular activity purposes or making any communication that a reasonable person would interpret as a serious expression of an intent to harm or cause injury to another.

3. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property, repeated damage or theft involving property or setting or attempting to set a fire of any magnitude.
4. Causing or attempting to cause personal injury to any person, including a school employee, school volunteer, or student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect another person shall not constitute a violation.
5. Threatening or intimidating any student for the purpose of, or with the intent of, obtaining money or anything of value from a student or making a threat which causes or may be expected to cause a disruption to school operations.
6. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon (including personal safety or security devices, such as Tasers, mace and pepper spray) or that has the appearance of a weapon, or bringing or possessing any explosive device, including fireworks, on school grounds or at a school function or event, or in a manner that is unlawful or contrary to school activity rules.
7. Selling, using, possessing or dispensing alcohol, tobacco (including electronic nicotine delivery systems), narcotics, drugs, a controlled substance, or an inhalant; being under the influence of any of the above; possession of drug paraphernalia, or the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401 of the Nebraska statutes, or material represented to be alcohol, narcotics, drugs, a controlled substance or inhalant. (Note: Refer to “Drug and Alcohol Violations” for further information).
8. Public indecency.
9. Sexual assault or attempting to sexually assault any person. Engaging in sexual conduct, even if consensual, on school grounds or at a school function or event.
10. Engaging in any activity forbidden by law which constitutes a danger to other students, interferes with school purposes or an extracurricular activity, or reflects a lack of high ideals.
11. Repeated violation of any of the school rules.
12. Truancy or failure to attend assigned classes or assigned activities; or tardiness to school, assigned classes or assigned activities.
13. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to a school employee, school volunteer, or student. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, national origin, or religion.
14. Dressing or grooming in a manner which is dangerous to the student’s health and safety or a danger to the health and safety of others or repeated violations of dress and grooming standards; dressing, grooming, or engaging in speech that is lewd or indecent, vulgar or plainly offensive; dressing, grooming, or engaging in speech that school officials reasonably conclude will materially and substantially disrupt the work and discipline of the school or of an extracurricular activity;

- dressing, grooming, or engaging in speech that a reasonable observer would interpret as advocating illegal drug use.
15. Willfully violating the behavioral expectations for those students riding Palmyra District OR-1 Public Schools buses or vehicles used for activity purposes.
 16. Failure to report for the activity at the beginning of the season. Reporting for one activity may count as reporting on time if there is a change in activity within the season approved by the coach or the supervisor.
 17. Failure to participate in regularly scheduled classes on the day of an extracurricular activity or event.
 18. Failure to attend scheduled practices and meetings. If circumstances arise to prevent the participant's attendance, the validity of the reason will be determined by the coach or sponsor. Every reasonable effort should be made to notify the coach or sponsor prior to any missed practice or meeting.
 19. All other reasonable rules or regulations adopted by the coach or sponsor of an extracurricular activity shall be followed, provided that participants shall be advised by the coach or sponsor of such rules and regulations by written handouts or posting on bulletin boards prior to the violation of the rule or regulation.
 20. Failure to comply with any rule established by the Nebraska School Activities Association, including, but not limited to, the rules relating to eligibility.

All terms used in the Code of Conduct have a less strict meaning than under criminal law and are subject to reasonable interpretation by school officials.

Drug and Alcohol Violations.

Meaning of Terms.

Use or consume includes any level of consumption or use. Use of a controlled substance in the manner prescribed for the student by the student's physician is not a violation.

Under the influence means any level of impairment and includes even the odor of alcohol on the breath or person of a student, or the odor of an illicit drug on the student. Also, it includes being impaired by reason of the abuse of any material used as a stimulant.

Possession includes having control of the substance and also includes being in the same area where the substance is present and no responsible adult present and responsible for the substance. Possession includes situations where, for example:

- (1) Alcohol is in a vehicle in which the student is present. The student is considered to be in possession if the student is aware that the alcohol is in the vehicle, even though the student has not touched or consumed the alcohol; and
- (2) Alcohol is present at a party attended by the student. The student is considered to be

in possession if the student is aware that alcohol is at the party and fails to immediately leave the party, even though the student has not touched or consumed the alcohol.

In these situations, a violation would not exist if the alcohol is in the control of a parent or guardian or other responsible adult (age 21 or older) such that students are not allowed to access the alcohol. A violation would also not exist if the student did not know or have a reasonable basis to know that alcohol would be present, and the student leaves the location where the alcohol is present as soon the student could safely do so. (Students are expected to leave immediately, but are not to do so in a manner that would endanger them. For example, you are not to leave in a car being driven by a person who has been drinking just to get away from the alcohol party immediately when there is no other way to get home. Instead, you should call for a safe ride home and, while waiting, clearly distance yourself from the alcohol).

Consequences.

Students may be suspended from practices or participation in interscholastic competition or participation in co-curricular activities for violations of the Code of Conduct. The period of suspension or other discipline for such offenses shall be determined by the school administration.

The disciplinary consequence will be determined based on consideration of the seriousness of the offense, any prior violations, the student's compliance with the self-reporting obligations, the student's level of cooperation and willingness to resolve the matter, and the student's demonstration of a commitment to not commit future violations.

Because of the significance of drug and alcohol violations on the student participants, other students and the school, the following consequences are established for such violations:

Drugs and Alcohol.

An activity participant who violates the drug or alcohol rules (other than steroids) shall be prohibited from participating in any extracurricular activity for the following minimum periods:

- For a first positive test, the student is ineligible to participate in two subsequent extracurricular activities as determined by the high school principal and the activities director (or designee) in conjunction with the activity coach or sponsor.
- Consequences for any violations of the district drug policy also may include disciplinary action by coaches or sponsors specific to activity and participant conduct expectations.
- For a second and subsequent positive test, the student is ineligible to participate in any extracurricular activity for one (1) calendar year. To return to participation, the student must complete substance abuse counseling as and to the extent determined appropriate by a qualified professional, and in any event for no less than four (4) hours, and must submit to five (5) follow up drug tests during the next twelve (12) month period.

*The parents or guardians are responsible for the costs of the rehabilitation program, which includes the substance abuse counseling and follow-up testing described above.

Reduction for Self-Reporting:

If the student has self-reported, the first violation shall be reduced by ½ for the first violation.

A commensurate reduction (approximately one-half, as determined by the administration) for a second or subsequent violation may be given for self-reporting.

1. **More Serious Violations:** In the event of more serious drug or alcohol violations, such as students engaging in use of especially serious drug offenses (cocaine, meth, etc.) or procuring alcohol for minors, the consequence of the violation is not restricted by the foregoing, and may be established in the good discretion of the administration.

Steroid Offenses. A student who possesses, dispenses, delivers, or administers anabolic steroids shall be prohibited from participating in any extracurricular activity for the following minimum periods:

1. **First Violation:** 30 consecutive days.
2. **Second or Any Subsequent Offense:** One calendar year.

When Suspensions Begin. All suspensions begin with the next scheduled activity in which the student is a participant, after the determination by school officials of the sanction to be imposed; provided that the school officials shall have the discretion to establish a time period for the suspension that makes the suspension have a real consequence for the student. During a suspension, participants may be required or permitted to practice at the sole discretion of the coach or activity sponsor. Suspensions in the Spring will be carried over to the Fall when the suspension has not been fully served or when determined appropriate for the suspension to have a real consequence for the student.

Letters and Post-Season Honors. A student who commits a Code of Conduct violation is:

1. Eligible to letter, provided the student meets the criteria of the coach or sponsor.
2. Not eligible to receive honors during the sport or activity in which they are participating at the time of the offense and/or in sports or activities in which they have been suspended due to a code violation. The coach/sponsor, with the Athletic Director's approval, may make an exception where the student has self-reported or otherwise demonstrated excellence in character allowing for such honors.

Self-Reporting. A student who violates the Code of Conduct must self-report. A failure to self-report will lead to a longer suspension or other discipline. The self-report must be made to:

the principal, athletic director, or the head coach or sponsor of an activity in which the student participates. The student's parent or guardian may initiate the self-reporting process, but the student will be later required to give a written statement of the self-report. The self-report must be made earlier of: (1) before the end of the next school day after the conduct occurred and (2) before participation in an extracurricular or co-curricular activity.

In making a self-report, the student must identify the events that took place, what conduct the student engaged in, and any witnesses to the student's conduct, and will be required to put this information in a written statement. In the event the student has received a criminal citation, charge, or ticket, and proclaims innocence of a violation, the student will be required to self-report such offense and provide information as to why they should be found innocent, not as it relates to the criminal offense, but as it relates to the Code of Conduct.

All students are expected to be honest and forthright with school officials. In the event the coach or activity sponsor or any school administrator asks a student participant for information pertaining to compliance (or lack of compliance) by the student or other student participants with the Code of Conduct or eligibility conditions for participation in activities, the student is expected to fully, completely, and honestly provide the information. Students may be disciplined for a failure to be honest and forthright.

Determining a Violation Has Occurred. A violation of the Code of Conduct will be determined to have occurred based on any of the following criteria:

1. When a student is cited by law enforcement and school officials have a reasonable basis for determining that grounds for the issuance of the citation exist.
2. When a student is convicted of a criminal offense. Conviction includes, without limitation, a plea of no contest and an adjudication of delinquency by the juvenile court.
3. When a student admits to violating one of the standards of the Code of Conduct.
4. When a student is accused by another person of violating one of the standards of the Code of Conduct and school officials determine that such information is reliable.
5. When school officials otherwise find sufficient evidence to support a determination that a violation has occurred.

Procedures for Extracurricular Discipline. The following procedures are established for suspensions from participation in extracurricular activities:

1. Investigation. The school official(s) considering the suspension will conduct a reasonable investigation of the facts and circumstances and determine whether the suspension will help the student or other students, further school purposes, or prevent an interference with a school purpose.
2. Meeting. Prior to commencement of the suspension, the school official considering the suspension or their designee will provide the student an

opportunity to give the student's side of the story. The meeting for this purpose may be held in person or via a telephone conference.

- a. The student will be given oral or written notice of what the student is accused of having done, an explanation of the evidence the school has, and the opportunity to explain the student's version. Detail is not required where the activity participant has made a self-report or otherwise admits the conduct. Names of informants may be kept confidential where determined to be appropriate.
- b. The suspension may be imposed prior to the meeting if the meeting can not reasonably be held before the suspension is to begin. In that case the meeting will occur as soon as reasonably practicable. The student is responsible for cooperating in the scheduling of the meeting.
3. Notice Letter. Within two school days (two business days if school is not in session), or such additional time as is reasonably necessary following the suspension, the Athletic Director or the Athletic Director's designee will send a written statement to the student and the student's parents or guardian. The statement will describe the student's conduct violation and the discipline imposed. The student and parents or guardian will be informed of the opportunity to request a hearing.
4. Informal Hearing Before Superintendent. The student or student's parent/guardian may request an informal hearing before the Superintendent. The Superintendent may designate the Athletic Director or another administrator not responsible for the suspension decision as the Superintendent's designee to conduct the hearing and make a decision.
 - a. A form to request such a hearing must be signed by the parent or guardian. A form will be provided with the notice letter or otherwise be made available by request from the Principal's office.
 - b. The request for a hearing must be received by the Superintendent's office within five days of receipt of the notice letter.
 - c. If a hearing is requested:
 - i. The hearing will be held within ten calendar days of receipt of the request; subject to extension for good cause as determined by the Superintendent or the Superintendent's designee.
 - ii. The Superintendent or the Superintendent's designee will notify the participants of the time and place of the hearing a reasonable time in advance to allow preparation for the hearing.
 - iii. Upon conclusion of the hearing, a written decision will be rendered within five school days (ten calendar days if school is not in session). The written decision will be mailed or otherwise delivered to the participant, parents or guardian.
 - iv. A record of the hearing (copies of documents provided at the hearing and a tape recording or other recordation of the informal hearing) will be kept by the school if requested sufficiently in advance of the hearing by the parent/guardian.

5. No Stay of Penalty. There will be no stay of the penalty imposed pending completion of the due process procedures
6. Opportunity for Informal Resolution. These due process procedures do not prevent the student or parent/guardian from discussing and settling the matter with the appropriate school officials at any stage.

Section 4 Attendance

Student participants are expected to meet the following attendance expectations:

1. Attend school regularly. Students who have “excessive absences” as determined under the school’s attendance policy are ineligible to participate in extracurricular activity contests or performances. Students who have four or more unexcused absences in the semester of participation will be ineligible to participate in extracurricular activity contests or performances.
2. Be on time for all scheduled practices, contests and departure for contests. In the event a participant is unable to attend a practice or contests the participant should contact the coach or sponsor in advance.

Section 5 "Team Selection" and "Playing Time":

"Team selection" and "playing time" decisions are the responsibility of the individual coach or sponsor of the activity. Consistent, however, with the purposes of the activities program, the coaches and sponsors shall follow the following established guidelines for team selection and playing time decisions, along with such other guidelines as each individual coach and sponsor may develop which are not inconsistent with these established guidelines:

1. School Representative. Student participants must demonstrate that they can and will represent themselves and their school in a manner which reflects the development of high ideals and appropriate values, which shall include good citizenship in the school and in the community.
2. Success. Student participants must demonstrate that they can make the activity program more successful, both from a standpoint of competitive success and success in promoting a positive school spirit. Characteristics for purposes of this criteria include the student's: (1) talent or skill, (2) desire to improve the student's own skills or talents as well as those of others in the activity, and (3) attitude of respect towards teammates, the coach, the school, and the community.

Section 6 Academic Grade Standard for Activities Participation:

Participation in extra-curricular school activities is encouraged and desirable for all students. At the same time, the principal mission and responsibility for each student is to establish a firm academic foundation. A student participating in extra-curricular school activities must therefore:

1. Make sufficient effort to maintain passing grades in all courses.

- 2 If a student is failing two classes after the second week of the quarter, they will become ineligible to participate in games/meets/matches during that week.
- 3 The ineligible list will be updated each Friday.
- 4 The coach or sponsor of any activity the student participates in will contact students whose eligibility is in jeopardy, or who has become ineligible, and insure that the parent(s) are notified also.
- 5 Once a student is determined to be ineligible, the student will not become eligible again until the next Monday, when the updated ineligibility list is prepared, and the student is no longer failing two classes.

Section 7 Student Fees Policy:

The Board of Education of District OR-1 has adopted this student fees policy in accordance with the Public Elementary and Secondary Student Fee Authorization Act.

The District's general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution. This generally means that the District's policy is to provide free instruction for courses which are required by state law or regulation and to provide the staff, facility, equipment, and materials necessary for such instruction, without charge or fee to the students.

The District does provide activities, programs, and services to children, which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services. Such student and parent contributions have included: students coming to school with the basic clothing and personal supplies to be successful in the classroom (clothing, shoes, pencils, pens, paper, notebooks, calculators, and the like), students bringing their own or paying the reasonable cost of specialized equipment or supplies for the personal preference or personal retained benefit of students (for example, band equipment, locker deposit or rental fees, shop class materials where the student keeps the product, and college tuition or fees for college credit for advanced placement courses or correspondence courses), students providing their own specialized clothing and equipment to be prepared for the extracurricular activities in which they choose to participate (sporting apparel, including shoes, undergarments, and the like), and assisting with special programs, such as field trips, summer school, school dances and plays. The District's general policy is to continue to encourage and to require, to the extent permitted by law, such student and parent contributions to enhance the educational program provided by the District.

Under the Public Elementary and Secondary Student Fee Authorization Act, the District is required to set forth in a policy its guidelines or policies for specific categories of student fees. The District does so by setting forth the following guidelines and policies: This policy is subject to further interpretation or guidance by administrative or Board regulations which may be adopted from time to time. Parents, guardians, and students are encouraged to contact their building administration or their teachers or activity coaches and sponsors for further specifics.

Guidelines for clothing required for specified courses and activities: Students have the responsibility to furnish and wear non-specialized attire meeting general District grooming and attire guidelines, as well as grooming and attire guidelines established for the building or

programs attended by the students or in which the students participate. Students also have the responsibility to furnish and wear non-specialized attire reasonably related to the programs, courses and activities in which the students participate where the required attire is specified in writing by the administrator or teacher responsible for the program, course or activity.

The District will provide or make available to students such safety equipment and attire as may be required by law, specifically including appropriate industrial-quality eye protective devices for courses of instruction in vocational, technical, industrial arts, chemical or chemical-physical classes which involve exposure to hot molten metals or other molten materials, milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials, heat treatment, tempering, or kiln firing of any metal or other materials, gas or electric arc welding or other forms of welding processes, repair or servicing of any vehicle, or caustic or explosive materials, or for laboratory classes involving caustic or explosive materials, hot liquids or solids, injurious radiations, or other similar hazards. A specific class supply list will be published annually in a Board-approved student handbook or supplement or other notice. The list may include refundable damage or loss deposits required for usage of certain District property. Items for the personal medical use or enhancement of the student (braces, mouth pieces, and the like) are the responsibility of the student participant. A parent, guardian or student who requests copies of files or records shall be responsible for the cost of copies reproduced in accordance with such fee schedule. The imposition of a fee shall not be used to prevent parents of students from exercising their right to inspect and review the students' files or records and no fee shall be charged to search for or retrieve any student's files or records. The fee schedule shall permit one copy of the requested records be provided for or on behalf of the student without charge and shall allow duplicate copies to be provided without charge to the extent required by federal or state laws or regulations.

8. Student's weight and height if a member of an athletic team;

10. School or school district the student attended before he or she enrolled in District OR-1 Public Schools.

Notwithstanding the foregoing, the District does not designate as directory information personally identifiable information from students' education records where the District determines that the disclosure to the potential recipient poses a risk to student safety or well-being, including but not limited to circumstances where the potential recipient is a registered sex offender and the personally identifiable information would permit the potential recipient to communicate with or otherwise contact the student.

A parent or eligible student has the right to refuse to let the District designate information about the student as directory information. The period of time within which a parent or eligible student has to notify the District in writing that he or she does not want information about the student designated as directory information is as follows: two weeks from the time this information is first received. Please contact the Superintendent's office to indicate your refusal to have your child's information designated as directory information.

The District may disclose information about former students without meeting the conditions in this section.

Section 6 Notice Concerning Disclosure of Student Recruiting Information:

ESSA requires Palmyra High School to provide military recruiters and institutions of higher education access to secondary school students' names, addresses, and telephone listings. Parents and secondary students have the right to request that Palmyra High School not provide this information (i.e., not provide the student's name, address, and telephone listing) to military recruiters or institutions of higher education, without their prior written parental consent. The District will provide routine directory information of high school students to military recruiters upon request. In the event that a parent or guardian does not want their student's routine directory information to be provided to a military recruiter, the parent or guardian must notify the Superintendent in writing. Palmyra High School will comply with any such request.

Section 7 Notice Concerning Staff Qualifications:

Parents/guardians have the right to get information about the professional qualifications of their child's classroom teachers. Upon request, Palmyra High School will give parents/guardians the following information about their child's classroom teacher:

1. Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under an emergency or provisional teaching certificate.
3. The baccalaureate degree major of the teacher. You may also get information about other graduate certification or degrees held by the teacher, and the field of discipline of the certification or degree. We will also, upon request, tell parents/guardians whether their child is being provided services by a paraprofessional and, if so, the qualifications of the paraprofessional. The request for information should be made to an administrator in your child's school building. The information will be provided to you in a timely manner. Finally,

Palmyra High School will give timely notice to you if your child has been assigned, or has been taught for four or more consecutive weeks by a teacher who does not meet the requirements of the Act.

Section 8 Student Privacy Protection Policy:

It is the policy of Palmyra High School to develop and implement policies which protect the privacy of students in accordance with applicable laws. The District's policies in this regard include the following:

Right of Parents to Inspect Surveys Funded or Administered by the United States Department of Education or Third Parties: Parents shall have the right to inspect, upon the parent's request, a survey created by and administered by either the United States Department of Education or a third party (a group or person other than the District) before the survey is administered or distributed by the school to the parent's child.

Protection of Student Privacy in Regard to Surveys of Matters Deemed to be Sensitive: The District will require, for any survey of students which contain one or more matters deemed to be sensitive (see section headed "Definition of Surveys of Matters Deemed to be Sensitive"), that suitable arrangements be made to protect student privacy (that is, the name or other identifying information about a particular student). For such surveys, the District will also follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Right of Parents to Inspect Instructional Materials: Parents shall have the right to inspect, upon reasonable request, any instructional material used as part of the educational curriculum for their child. Reasonable requests for inspection of instructional materials shall be granted within a reasonable period of time after the request is received. Parents shall not have the right to access academic tests or academic assessments, as such are not within the meaning of the term "instructional materials" for purposes of this policy. The procedures for making and granting a request to inspect instructional materials are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal. The building principal, within five (5) school days, shall consult with the teacher or other educator responsible for the curriculum materials. In the event the request can be accommodated, the building principal shall make the materials available for inspection or review by the parent, at such reasonable times and place as will not interfere with the educator's intended use of the materials. In the event there is a question as to the nature of the curriculum materials requested or as to whether the materials are required to be provided, the building principal shall notify the parent of such concern, and assist the parent with forming a request which can reasonably be accommodated. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings. The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parental opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to

be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Protection of Student Privacy in Regard to Personal Information Collected from Students: The general policy and practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. The District will make reasonable arrangements to protect student privacy to the extent possible in the event of any such collection, disclosure, or use of personal information. "Personal information" for purposes of this policy means individually identifiable information about a student including: (1) a student or parent's first and last name, (2) home address, (3) telephone number, and (4) social security number. The term "personal information," for purposes of this policy, does not include information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This exception includes the following examples: (i) college or postsecondary education recruitment, or military recruitment; (ii) book clubs, magazines, and programs providing access to low-cost literary products; (iii) curriculum and instructional materials used by elementary schools and secondary schools; (iv) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about student, or to generate other statistically useful data for the purpose of securing such tests and assessments, and the subsequent analysis and public release of the aggregate data from such tests and assessments; (v) the sale by student of products or services to raise funds for school-related or education-related activities; (vi) student recognition programs.

Parental Access to Instruments used in the Collection of Personal Information: While the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member or program responsible for the collection, disclosure, or use of personal information from students for the purpose of marketing that information. The building principal, within five (5) school days, shall consult with the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information from students. In the event such collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

Annual Parental Notification of Student Privacy Protection Policy: The District shall provide parents with reasonable notice of the adoption or continued use of this policy and other policies related to student privacy. Such notice shall be given to parents of students enrolled in the District at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in such policies.

Notification to Parents of Dates of and Right to Opt-Out of Specific Events: The District shall directly notify the parents of the affected children, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when any of the following activities are scheduled, or are expected to be scheduled:

The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. (Note: the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information).

Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and, any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student or of other students. (Note: the general practice of the District is to not engage in physical examinations or screenings which require advance notice, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions to the advance notice requirement and parental opt-out right: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law, and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act).

Parents shall be offered an opportunity in advance to opt their child out of participation in any of the above listed activities.

In the case of a student of an appropriate age (that is, a student who has reached the age of 18, or a legally emancipated student), the notice and opt-out right shall belong to the student.

Definition of Surveys of Matters Deemed to be Sensitive: Any survey containing one or more of the following matters shall be deemed to be “sensitive” for purposes of this policy:

1. Political affiliations or beliefs of the student or the student’s parent;
2. Mental or psychological problems of the student or the student’s parent;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating or demeaning behavior;
5. Critical appraisals of other individuals with whom the student has close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of

- lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the students or the student's parent;
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Section 9 Parental Involvement Policies:

A. General - Parental/Community Involvement in Schools:

Palmyra High School welcomes parental involvement in the education of their children. We recognize that parental involvement increases student success. It is Palmyra High School's policy to foster and facilitate, to the extent appropriate and in their primary language, parental information about, and involvement in, the education of their children. Policies and regulations are established to protect the emotional, physical and social well-being of all students.

1. Parental involvement is a part of the ongoing and timely planning, review and improvement of district and building programs.
2. Parents are encouraged to support the implementation of district policies and regulations.
3. Parents are encouraged to monitor their student's progress by reviewing quarterly report cards and attending parent-teacher conferences.
4. Textbooks, tests and other curriculum materials used in the district are available for review by parents upon request.
5. Parents are provided access to records of students according to law and school policy.
6. Parents are encouraged to attend courses, assemblies, counseling sessions and other instructional activities with prior approval of the proper teacher or counselor and administrator. Parents' continued attendance at such activities will be based on the students' well-being.
7. Testing occurs in this school district as determined to be appropriate by district staff to assure proper measurement of educational progress and achievement.
8. Parents submitting written requests to have their student excused from testing, classroom instruction and other school experiences will be granted that request when possible and educationally appropriate. Requests should be submitted to the proper teacher or administrator within a reasonable time prior to the testing, classroom instruction or other school experience and should be accompanied by a written explanation for the request. A plan for an acceptable alternative shall be approved by the proper teacher and administrator prior to, or as a part of, the granting of any parent request.
9. Participation in surveys of students occurs in this district when determined appropriate by district staff for educational purposes. Parents will be notified prior to the administration of surveys in accordance with district policy. Timely written parental requests to remove students from such surveys will be granted in accordance with district policy and law. In some cases, parental permission must be given before the survey is administered.
10. Parents are invited to express their concerns, share their ideas and advocate for their children's education with board members, administrators and staff.

11. School district staff and parents will participate in an annual evaluation and revision, if needed, of the content and effectiveness of the parental involvement policy.

B. Title I Parental Involvement Policy:

Palmyra High School has a parental involvement policy applicable to parents of all children. The parental involvement policy applicable to parents of all children is not replaced by this Title I Parental Involvement Policy and shall continue to be applicable to all parents, including parents participating in Title I programs.

It is the policy of Palmyra High School to implement programs, activities, and procedures for the involvement of parents in Title I programs consistent with the Title I laws. Such programs, activities, and procedures shall be planned and implemented with meaningful consultation with parents of participating children.

Expectations for Parental Involvement: It is the expectation of Palmyra High School that parents of participating children will have opportunities available for parental involvement in the programs, activities, and procedures of the District's Title I program. The term "parental involvement" means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring—(A) that parents play an integral role in assisting their child's learning; (B) that parents are encouraged to be actively involved in their child's education at school; (C) that parents are full partners in their child's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child; and (D) the carrying out of other activities, such as those described in this parental involvement policy. The District intends to meet this expectation through the following activities:

1. Involving parents in the joint development of the District's Title I plan and the processes of school review and school improvement.
2. Providing coordination, technical assistance, and other support necessary to assist participating schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance.
3. Building the schools' and parents' capacity for strong parental involvement.
4. Coordinating and integrating parental involvement strategies under Title I with parental involvement strategies under other programs.
5. Conducting, with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy in improving the academic quality of the schools served under the Title I program, including identifying barriers to greater participation by parents in Title I programs, with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background, and use the findings of such evaluation to design strategies for more effective parental involvement, and to revise, if necessary, the parental involvement policies of the District.

6. Involving parents in the activities of the schools served under Title I.

Policy Involvement: Each school served under the Title I program shall:

1. Convene an annual meeting, at a convenient time, to which all parents of participating children shall be invited and encouraged to attend, to inform parents of their school's participation under the Title I program and to explain the requirements of the Title I program.
2. Offer a flexible number of meetings, such as meetings in the morning or evening. If sufficient funds are provided for this purpose, the District may assist parental involvement in such meetings by offering transportation, childcare, or home visits.
3. Involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of Title I programs.
4. Provide parents of participating children: (1) timely information about programs under Title I, (2) a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet; and (3) if requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible.
5. If the District operates a school-wide program under Title I and such plan is not satisfactory to the parents of participating children, submit any parental comments on the plan when the school makes the plan available to the District.

Shared Responsibilities for High Student Academic Achievement: As a component of the District's parental involvement policy, each school served under the Title I program shall jointly develop with parents for all children served under the Title I program a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards. Such compact shall: (1) describe the school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the children served under Title I to meet the State's student academic achievement standards and the ways in which each parent will be responsible for supporting their children's learning, such as monitoring attendance, homework completion, and television watching; volunteering in their child's classroom; and participating, as appropriate, in decisions relating to the education of their children and positive use of extracurricular time; and (2) address the importance of communication between teachers and parents on an ongoing basis through, at a minimum: (i) parent-teacher conferences in elementary schools, at least annually, during which the compact shall be discussed as the compact relates to the individual child's achievement; (ii) frequent reports to parents on their children's progress; and (iii) reasonable access to staff, opportunities to volunteer and participate in their child's class, and observation of classroom activities.

Building Capacity for Involvement: To ensure effective involvement of parents and to support a partnership among the District, parents, and the community to improve student academic achievement, each school participating in the Title I program and the District: (1) shall provide assistance to participating parents, as appropriate, in understanding such topics as the State's academic content standards and State student academic achievement standards, State and local academic assessments, the requirements of Title I and how to monitor a child's progress and work with educators to improve the achievement of their children; (2) shall provide materials and training to help parents work with their children to improve their children's achievement, such as literacy training and using technology, as appropriate, to foster parental involvement; (3) shall educate teachers, student service personnel, principals, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school; (4) shall, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with Head Start, Reading First, Early Reading First, Even Start, the Home Instruction Programs for Preschool Youngsters, the Parents as Teacher Program, and public preschool and other programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children; (5) shall ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format, and to the extent practicable, in a language the parents can understand; (6) may involve parents in the development of training for teachers, principals, and other educators to improve the effectiveness of such training; (7) may provide necessary literacy training from funds received under Title I if the District has exhausted all other reasonably available sources of funding for such training; (8) may pay reasonable and necessary expenses associated with parental involvement activities, including transportation and child care costs, to enable parents to participate in school-related meetings and training sessions; (9) may train parents to enhance the involvement of other parents; (10) may arrange school meetings at a variety of times, or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents who are unable to attend such conferences at school, in order to maximize parental involvement and participation; (11) may adopt and implement model approaches to improving parental involvement; (12) may establish a district-wide parent advisory council to provide advice on all matters related to parental involvement in programs supported under Title I; (13) may develop appropriate roles for community-based organizations and businesses in parent involvement activities; and (14) shall provide such other reasonable support for parental involvement activities under Title I as parents may request.

Accessibility: In carrying out the parental involvement activities for this Title I Parental Involvement policy, the District shall provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under Title I in a format and, to the extent practicable, in a language such parents understand.

Use, Distribution, and Updating of this Policy: This Title I Parental Involvement Policy shall be

incorporated into the District's Title I plan, shall be distributed to parents of participating children, shall be made available to the local community, and shall be updated periodically to meet the changing needs of the parents and the school.

B. Definitions

"School of Origin" shall mean the school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including preschool. 1. Children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;
2. Children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

2. except when doing so is contrary to the request of the child's or youth's parent or guardian or, in the case of an unaccompanied youth, the youth.
To overcome the presumption that a child or youth should remain in his/her school of origin, the school shall consider student-centered factors including: the

impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or, in the case of an unaccompanied youth, the youth.

3. Enrollment: Once the school is selected in accordance with the child's or youth's best interest, that child or youth shall be immediately enrolled even if the child or youth is unable to produce records normally required for enrollment including, but not limited to, previous academic records, immunization or other health records, proof of residency or has missed any application or enrollment deadlines during any period of homelessness.
4. Transportation: If the child or youth continues to attend his or her school of origin, transportation shall be provided promptly even if there is a dispute pending regarding which school is in the child's or youth's best interest to attend. D. Records

Any record ordinarily kept by the school, including immunization or medical records, academic records, birth certificates, guardianship records, and evaluations for special services or programs, regarding each homeless child or youth shall be maintained:

1. Such that all records are available, in a timely fashion, when a child or youth enrolls in a new school or school district;
2. Any information about a homeless child's or youth's living situation shall be treated as a confidential student education record, and shall not be deemed to be directory information; and
3. In a manner consistent with the Federal Education Rights and Privacy Act.

 - d. Unaccompanied youths are informed of their status as independent students under the Higher Education Act of 1965 and may obtain assistance from the LEL to receive verification of such status for purposes of the Free Application for Federal Student Aid.
5. Ensure that public notice of the educational rights and available transportation services of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youths and unaccompanied homeless youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form that is easily understandable.
6. Ensure the dispute resolution process identified below is carried out in accordance with the law and district policy.

1. The dispute procedure must be available for disputes over eligibility, as well as school selection or enrollment.
2. In the event of a dispute regarding where a child or youth should enroll, the child or youth shall be immediately enrolled in the school in which enrollment is sought pending final resolution of the dispute, including all available appeals. The district shall immediately provide the child's parent or guardian or, in the case of an unaccompanied youth, a written explanation of the decision made regarding the school selection including the right to appeal such decision. Said writing shall be provided in a manner and form understandable to such parent, guardian, or unaccompanied youth and also include the LEL contact information. The LEL shall carry out the dispute resolution process within 30 calendar days from the date of said writing pursuant to 92 Nebraska Administrative Code 19-005.02.
3. Appeals: Any parent, guardian or other person having legal or actual charge of a homeless child or youth that is dissatisfied with the decision of a school district after the dispute resolution process may file an appeal with the Commissioner within thirty calendar days of receipt of the decision by following the process in 92 Nebraska Administrative Code 19-005.03 and 19-005.03C.

WARNING: SERIOUS CATASTROPHIC AND PERHAPS FATAL INJURY MAY RESULT FROM ATHLETIC PARTICIPATION

Many forms of athletic competition result in violent physical contact among players, the use of equipment which may result in accidents, strenuous physical exertion and numerous other exposures to risk of injury. Students and parents must assess the risks involved in such participation and make their choice to participate in spite of those risks. Students must adhere to that instruction and utilization and must refrain from improper uses and techniques.

I give my consent for my student to accompany the team or organization/class of which he/she is a member on local/out of town trips.

I understand the statement above and I understand that by allowing my student to participate in athletic events, I assume the risk that he/she may be injured, perhaps severely.
